

To whom it may concern:

Please, PLEASE, do not do away or diminish in any way, shape or form Indiana's "No-Call" List/Law. I can not tell you how pleasant it is to be home in the evenings, especially on Sundays (!) & not have to "screen my caller id" for uninvited calls. Before IN implemented our law, it was terrible how many UNWANTED calls were rec'd in our household. We have 2 phone lines, one is solely for the use of our computer & it is such a welcome relief to not have this second line ring constantly by telemarketers! I assure you our 2nd line does not ring at all now that it is on IN's "No Call" list. I LOVE THAT!! So, please help other states who may not be as progressive as IN, but PLEASE,PLEASE, PRETTY PLEASE, leave IN's law as is.
Thank you for your time.

Mrs. Steven J Roadruck
